

LK580

ROWER

The LK580 rower is a light commercial fan magnetic model designed to offer Olympic training quality workouts to your facility.

- Magnetic resistance is smoother, quieter, and more consistent than other types of rowers
- Elevated 20" seat height provides easy entry and exit and a more comfortable workout
- Swiveling multi-color LCD display shows your vital workout data
- 38.5" seat travel with ergonomic contoured seat for all body types
- Polar® wireless HR compatible. Use a Polar heart rate chest strap to readout your HR on the display console or interact with built-in HR control programming
- Large PCS Soft Step pedals with 82 degree swivel provides relief for feet and ankles through the movement as well as cushioning
