

# CS6i

## UPRIGHT BIKE with i.Concept

The CS6i is a fully adjustable upright bike, with micro-adjust fore and aft seat which is often overlooked in an upright bike design. It also features the i.Concept system that allows for incredible entertainment and motivations options through your iPad, iPhone or iPod touch.

- i.Concept display compatible with iPad®, iPhone®, & iPod® touch
- The micro-adjust fore/aft seat adjustment is a feature often overlooked on electronic bikes. It allows for a custom fit for all users
- Polar® wireless HR compatible. Use a Polar heart rate chest strap to readout your HR on the display console or interact with built-in HR control programming
- 26 Built-In programs with additional program profiles available through downloadable Apps
- Large blue backlit LCD screen displays Speed, Distance, Time, Calories, Resistance and Pulse
- Large cushioned sport seat provides the comfort required to go the extra mile

Enjoy your favorite apps while exercising

Charge Your iPod®, iPhone®, or iPad® in a secure dock

Use your iPod®, iPhone®, or iPad® to seamlessly interface and control the equipment
