

MAINTENANCE-FREE WAXED BELTS PUT US MILES AHEAD OF THE COMPETITION.

Built on heavy-duty frames, all of our treadmills are designed to be durable and worry-free. We pre-wax our dual-ply belts rather than using silicon that has to be reapplied over time. This saves time, money and hassles over the life of the treadmill.

For smooth, consistent motion, our treadmills use digital drive systems and 2.4-inch crowned rollers to keep the belts aligned.
